

4.5+ YEARS EXPERIENCE | UI/UX DESIGNER | PRODUCT DESIGNER

 Bangalore, India  +91 860 831 2034  jeyakumar.ux@gmail.com  [in/me-jeyakumar-p/](#)

PROFESSIONAL SUMMARY

Product Designer with 4.5+ years of experience designing end-to-end digital solutions across enterprise software, hospitality, and fintech frameworks. Expert in transforming complex workflows into accessible, responsive interfaces using design systems and AI-assisted workflows. Proven track record of collaborating with cross-functional Agile teams to deliver user-centered products that align with business goals.

TOOLS & TECHNOLOGIES

Design & Strategy : End-to-End Product Design, Information Architecture, Interaction Design, Design Systems, Design Tokens, Accessibility (WCAG 2.2), User Research, Prototyping.

Tools & Technologies : Figma (Advanced Variables, Modes, Conditional Logic), FigJam, Miro, Adobe XD, Photoshop, Illustrator, Framer, HTML, CSS, Tailwind CSS, JavaScript, React.

PROFESSIONAL EXPERIENCE

YsecIT Softwares Pvt Ltd — UI/UX Designer 2024 – Present

Enterprise Workflows : Designed complex B2B inventory, work order, and production management systems, simplifying intricate industrial data into intuitive operational views.

Hospitality Suite : Delivered end-to-end UX for real-time reservation platforms, including a Housekeeping Task Manager, Kiosk Booking App, and Parking Booking App.

Design Systems : Built and maintained scalable design systems utilizing Figma variables and conditional logic to accelerate engineering handoff and maintain cross-platform visual consistency.

AI Integration : Embedded generative UI exploration and AI-assisted design tooling into the team workflow, reducing early ideation and rapid prototyping cycles.

Loyltwo3ks Pvt Ltd — UI/UX Designer 2021 – 2023

B2C Digital Platforms : Designed loyalty applications, responsive microsites, and customer engagement products for major Indian brands (Century Ply, Walkaroo, HR Johnson).

User Validation : Formulated user flows, wireframes, and high-fidelity interactive prototypes backed by usability testing to maximize customer retention and visual brand alignment.

UI Patterns : Established reusable UI pattern components that standardized design consistency across multiple client deployments.

Sharesoft Technology — UI Intern 2021

- Designed responsive websites, custom themes and marketing assets for U.S.-based clients.

RECOGNITION & CERTIFICATIONS

Awards : Best Performer of Q4 2025 (YSecIT Softwares) • Mr. Innovative Award (Loyltwo3ks IT)

Certifications : Google UX Design Professional Certificate • UI/UX Specialization (Coursera)

Education : B.Tech in Information Technology (2018–2021) • Diploma in Computer Science Engineering (2015–2018)

SELECTED UX CASE STUDIES

TNSETC Transit Ecosystem : Unified Customer App, Conductor POS, and Admin Dashboard replacing paper-based transit workflows. [View Detailed Case Study](#)

Smart LPG Ecosystem : Connected IoT ecosystem helping households monitor gas consumption and remotely manage safety. [View Detailed Case Study](#)

Safepay (Fintech Escrow) : Web-based mobile solution protecting social buyers from fraud via automated escrow smart links. [View Detailed Case Study](#)
